

COTTONGEN

COTTON DATABASE RESOURCES

Welcome to the monthly CottonGen Mailing List email which is used to send updates about what is new on CottonGen and how to use CottonGen

[Come to our presentations and workshop at Conferences!](#)

GENOME DATABASE FOR ROSACEAE

Resources for Rosaceae Research Discovery and Crop Improvement

COTTONGEN

COTTON DATABASE RESOURCES

PULSE CROP DATABASE

Genomic, Genetic, and Breeding Resources for Pulse Crop Improvement

CITRUS GENOME DATABASE

Resources for citrus genomics, genetics, breeding and disease research

GENOME DATABASE FOR VACCINIUM

Genomics, genetics, and breeding resources for blueberry, cranberry, bilberry, and lingonberry research

Meet us at PAG 32

Saturday, Jan 11, 12:00-12:20 PM: Fruit/Nuts Workshop

[BIMS Today and Tomorrow: Current Features and Future Innovations in the Breeding Information Management System](#)

Sunday, Jan 12 1:30-3:40 PM

[Database Resources for Crop Genomics, Genetics and Breeding: NRSP10](#)

Sunday, Jan 12 4:00-6:10 PM

[International Cotton Genome Initiative \(ICGI\) Workshop](#)

Monday, Jan 13 1:50-2:10 PM: Digital Tools and Resources Session 3

[How to Use the Rosaceae, Cotton, Citrus, Vaccinium, and Pulse Crop Databases to Further Research and Breeding](#)

Meet us at Beltwide Cotton Conference 2025

Thursday, Jan 16, 9:15-9:30 AM: Cotton Improvement Conference

CottonGen BIMS for Effective and Efficient Management of Breeding Data

CottonGen wants to wish everyone a very Happy Holidays and a huge thank you for all the data you have contributed this year!
